

# Greetings from the PPSMMA

**Dr Muruga Raj Rajathurai**  
mraj231267@gmail.com  
Chairman  
National PPS

It has been about a month now that my team and I have taken over the reins of the PPS chariot. At times it is a nightmare when I think of all the hot issues concerning the PPS, but my team and I are confident that we will be able to handle the pressures and demands of this job.

As a start, we met up with the MMA ExCo during our PPS ExCo meeting on 28 June 2015. We had a good meeting and various suggestions were put forward to our MMA ExCo for the benefit of all PPS and MMA members as a whole.

We also suggested a discussion with the Volunteer Corp (VoC) of MMA to see if we could form a 'Disaster Rescue Team' so that whenever a disaster occurs, MMA will be there to help.

We have asked our Secretary to invite all the third party administrators, FOMEMA, the pharmaceutical division, and pharmaceutical association for a friendly dinner separately so that we can get to know each other and deal with our issues in a friendly manner. We will update you all in the next bulletin about our meetings and I shall make it a point to keep everyone updated on our activities through the PPS Facebook page.

We have a good team as the main Council and PPS will work together with them to produce the best for all MMA members.

PPS has also suggested that more privileges be packed in our MMA Members Card so that it might be more meaningful to our members. There is more to come, so hang on, and let us work together.

I would also like to thank all our members for trusting my team and I in running PPSMMA for the year 2015 to 2016 term. We promise to do our best.
