CHAIRMAN'S WELCOME

On behalf of the Organising Committee, it is an honour to personally invite you to the International Forum on Disability Management (IFDM) 2016 in Kuala Lumpur, Malaysia.

The IFDM 2016 'Transforming Disability Management' is a conference to look forward to as this conference is aimed to transform how Disability Management is perceived and implemented through a wider perspective of discussions, papers and experiences. Through this transformation, it is hoped that Disability Management will be implemented, enabling us to reach greater heights in our quest of reducing the negative impact of workers with injuries and illnesses through efficient and effective Disability Management strategies.

As the conference is being hosted in Kuala Lumpur, Malaysia - Crown Jewel of 'Asia' I trust that you will enjoy our hospitality and hope that you will take some time to enjoy a pleasant experience including towering skyscrapers, beautiful islands, ethnic villages, craft centres besides enjoying our gastronomical paradise.

I very much look forward to meeting you in November 2016 !

Dato' Dr. Mohammed Azman bin Dato' Aziz Mohammed
Chairman
Organising Committee / Chief Executive Officer
Social Security Organisation Malaysia

About International Forum on Disability Management 2016

The International Disability Management Forum 2016 marks history in Asia as it is the first time Kuala Lumpur, Malaysia - Crown Jewel of Asia will play host to this great biennial event.

IFDM, which is the only global conference dedicated to in-depth discussion of problems, trends, and best practices in Disability Management, is a catalyst in addressing issues of disability on the world stage. IFDM provides the only forum with delegates from across the globe representing the health, safety, and workers' compensation communities. A diverse group of employers, workers, risk managers, unions, practitioners, jurisdictional and local government agencies, the insurance industry, policy makers and the public travel to the conference to participate in presentations, discussions, and workshops.

The IFDM 2016 in Kuala Lumpur is a conference to look forward to as issues, problems and challenges surrounding Disability Management will be discussed on this world stage together with world renowned and national experts in this field. This conference, while focusing on Disability Management will include a wider perspective of papers and presentations. The IFDM 2016 will feature papers on policies, good practices, case studies, universal designs (architectural solutions) and technology which are aimed to give its audience a wealth of experience and ideas in the field of Disability Management.
