OBJECTIVES

This event is organized by Institut Jantung Negara (IJN) for General Practitioners to provide an educational opportunity to glean on updates on topics of interest in the fields of cardiovascular medicine. It also offers a rare occasion for some leisurely interaction with our cardiologists amidst a relaxing ambience at The WEIL Hotel, Ipoh. At the end of this session, it is hoped that the following learning objectives will be achieved:

1. To understand the management of cardiovascular diseases in general practice.
2. To gain a better understanding on paediatric and congenital heart diseases.
3. To experience an exciting interactive session for better understanding of ECGs & cardiac markers.
4. To update on management of heart failure & screening for ischaemic heart disease to cardiac intervention
5. To understand more on 2015 AHA guidelines in BLS & ACLS.
6. To foster better relationship between IJN and GPs.
